IDENTIFIERS *Texas

ABSTRACT

Data on student financial aid in Texas are presented. Tables cover financial aid resources for students in Texas postsecondary institutions by program for 1982-1983, 1984-1985 and 1985-1986. For 17 state aid programs and 6 federal programs, the amount of funding is indicated for the state as a whole and for the following categories of colleges: public general academic teaching institutions, public health science centers, public junior and/or community colleges, Texas state technical institutes, private colleges, and proprietary schools and other Texas schools. Each of the state and federal programs is also briefly described. Additional tables summarize student financial aid by the ethnic origin of recipients, as part of the Office of Civil Rights Report. The amount of awards for 1982-1983 and 1983-1984 for grants, loans, scholarships, and work are specified for Blacks, American Indians, Oriental Americans, Hispanic Americans, and Whites, and for the total. Key to Institution Categories:

Public Senior Institutions - Public General Academic Teaching Institutions

Pub. H.S.C. - Public Health Science Centers

Pub. Jr. Col. - Public Junior and/or Community Colleges

TSTI - Texas State Technical Institutes

Independent Colleges - Nonprofit, independent Texas colleges or universities which are regular members of, or candidates for accreditation by, Southern Association of Colleges and Schools. Includes independent health science institutions as well.

Other Texas Schools - Institutions which do not fall into the other categories listed above, especially proprietary institutions.

All State - All higher education institutions in the state; public, independent, and proprietary

Footnotes

1. Hinson-Hazlewood College Student Loan Program (HHCLSP)
First loans made in fall, 1966.

Program is funded through the sale of state bonds. Loans made since 1971 are guaranteed against loss due to death, disability or default of borrower through the Auxiliary Loan Program to Assist Students (ALAS), Federally Insured Student Loan Program (FISL), Guaranteed Student Loan Program (GSL), and the Health Education Assistance Loan Program (HEAL).

2. Texas Public Educational Grant Program (TPEG)
First grant awarded in fall, 1975.

A campus-based grant program funded through legislatively-mandated set-asides from tuition revenues at public institutions of higher education. Prior to FY 1986 did not include medical, dental or TSTI, or foreign students, but these categories of students were added at that time. Dollar amounts reported reflect funds awarded through the campus-based program; not the amounts set aside.

3. Tuition Equalization Grant Program (TEG)
First grant awarded in fall, 1971.

Funded through state general revenue appropriations for awarding to needy students attending independent degree-awarding institutions accredited by the Southern Association of Colleges and Schools. In FY 1983-FY 1986 the amounts awarded equaled the amounts appropriated for the program.

4. Exemptions from Tuition and Fees.

State law provides exemptions from the payment of tuition and/or fees for seven categories of students meeting particular eligibility criteria. (Example: children of deceased or disabled peace officers or firemen injured in the line of duty).

5. Exemptions from Tuition Differentials. (Eligibility of nonresidents to register, paying resident tuition rates)

State law provides for exemptions from the payment of nonresident tuition rates for students who meet particular eligibility criteria. (Example: nonresidents stationed in Texas while on active military duty or those holding academic competitive scholarships.

6. Line Item Appropriations used for Scholarships.

Scholarships, awarded on campus, funded through general revenue appropriations to the institution for such purpose.

7. Line Item Appropriations used for College Work Study Programs.

General revenue appropriations to schools used to match federal work study monies, and to provide part-time jobs to needy students.

8. Nursing Stipends.

General funds appropriations to Prairie View A&M University only. The number of awards made through the program is not available.

9. Legislative Academic Scholarship Program, (LAS)
First scholarships awarded fall, 1981. Repaced in fall, 1983 by the State Scholarship Program for Ethnic Recruitment.

Funded from Lender's Allowance earnings of the Hinson-Hazlewood College Student Loan Program. Awards are restricted to ethnic minority students enrolling for the first time, either as freshmen or new transfer students, who show good academic potential and who belong to an ethnic group comprising no more than 40% of the institution's enrollment.

10. Recruitment and Scholarships for Non-black Students.

General revenue appropriations, available at Texas Southern University and Prairie View A&M University only. Numbers of awards made through these programs are not available.

11. Rural Medical Education Board. (RMEB)

General revenue appropriated for awarding to medical students who sign a contract to practice medicine in a rural area of Texas.

12. Texas Public Educational-State Student Incentive Grant Program. (TPE-SSIG) First grant awarded, fall 1975. (State funds only.)

A centrally-administered need-based grant program, drawing half its funding from the tuition set-aside by schools in the Texas Public Educational Grant program, and half from the federal government's State Student Incentive Grant Program. The federal funds are reported under the federal portion of this report.

13. Student Deposit Scholarships.

Awards at public senior colleges funded (at the school's option) through earnings from student property deposit funds and from property deposit funds forfeited by students. FY 1985 was the first year schools were asked to report this information. The amount shown was the amount awarded, not the amount in the deposit fund. FY 1986 data are estimated, based on FY 1985 information and projected enrollment changes.

14. Future Teacher Loan Program. (FTLP)
First loan made in spring, 1985.

Funded from Lender's Allowance of the Hinson-Hazlewood College Student Loan Program. Provides need-based low-interest loans to students enrolled in teacher certification programs. The loan is subject to cancellation once the student is certified and teaches in Texas in a subject area reported to have a critical need for teachers.

15. Teacher Education Loan Program. (TELP)
First loan made in spring, 1985.

Funded from Lender's Allowance of the Hinson-Hazlewood College Student Loan Program. Provides loans to teachers returning for recertification in subject areas reported to have critical shortages of teachers, and to students pursuing their first certifications to teach. The loans may later be cancelled, if the recipients teach in public schools in Texas.

16. Minority Faculty/Staff Recruitment Program
First in operation in fall, 1983.

Funded by Hinson-Hazlewood Lenders Allowance for awarding to public senior colleges and universities to endorse and support their efforts to recruit minority faculty and staff members. Funds are awarded equally to all participating general academic teaching institutions who must then match the awards.

17. National Direct Student Loan. (NDSL)
Formerly named National Defense Student Loan Program. Began operating in 1958.

Campus-based loan program for both graduate and undergraduate students. Federal funds must be matched by 10 percent contribution from state or private funds. Teachers in low income areas may be eligible for forgiveness of a portion of the loans. The amounts shown in the table reflect only the federal portion of the funds.

18. Supplemental Educational Opportunity Grant Program. (SEOG)

Federal funds allocated to institutions. Awards limited to neediest undergraduates.

19. College Work Study Program. (CWSP)

Campus-based, financial need-based part-time work program funded by the federal government. Requires at least a 20% match by state or private funds.

20. Pell Grant Program.

A federal centrally-processed need-based grant program making awards to undergraduate students only. This is an entitlement program for students from low income families.

21. Texas Guaranteed Student Loan Program. (GSLP)
First loan guaranteed in the 1980-81 academic year.

Loans are made with private (or public) funds and guaranteed by the Texas Guaranteed Student Loan Corporation which in turn is reinsured by the federal government. The federal government pays the interest on behalf of the student throughout the time the student is enrolled and for a six- to nine-month grace period following termination of enrollment.

Sources of figures: FY 1983-FY 1985 (state fiscal years, statewide figure) provided by year-end report from the Dallas regional office of the Department of Education, adjusted to delete loans made through the Hinson-Hazlewood College Student Loan Program, (counted earlier, as state funds). The breakdown of awards by type of institution in FY 1984 and FY 1985 are based on year-end annual report figures for loans going to students attending Texas schools, published by the Texas Guaranteed Student Loan Corporation. FY 1986 and FY 1987 data are projections, based on previous year data and estimates of enrollment changes.

22. State Student Incentive Grant Program. (SSIG)
First grant made in fall, 1984.

Need-based grant program, funded by the federal government, but requiring a dollar-for-dollar match by the state. Grants are available for graduate and undergraduate students attending public and independent colleges and universities in Texas. Grants for students in independent institutions are matched by Tuition Equalization Grant funds. The Texas Public Educational Grant Program provides matching for grants in the public sector. (Figures are for the federal funds only.)
